**The “Go-to-High-School, Go-to-College” program, established in 1922, concentrates on the importance of completing secondary and collegiate education as a road to advancement. Through the Go-to-High-School, Go-to-College educational initiative, young men receive information and learn strategies that facilitate success.**

Alpha Scholars mission is to prepare young males (9th-12th grade) for college and the post-secondary challenges they are sure to face. We focus on academic achievement, choosing the right college, SAT/ACT prep, finding scholarships, and best practices on the journey towards graduation.

The young men receive hands-on experiences to open their minds to varying career paths and post-secondary avenues for success. .
